**We are pleased to announce the first International Week
at Protestant University of Applied Sciences Darmstadt
from May 17th to 21st 2021.**

The conference will be organised as a hybrid event, allowing digital participation. In a highly globalised world, social problems are increasingly individualised and thus overlooked in both social and political terms.

*This conference aims at creating spaces and opportunities for societal groups to become **VISIBLE**, be **HEARD**, and **PARTICIPATE** in a democratic society.*

Together, we want to take a variety of approaches and work on formats that allow us to experience an inclusive society in various dimensions – socially, politically, culturally, aesthetically and spiritually.

We invite everyone to join us in exploring these issues – students, staff, researchers, lecturers and practitioners.

Let's create spaces in inclusive societies.

TOGETHER!

More information will follow as the event draws closer.

Kind regards

Prof. Dr. Michael Vilain

Vice president Research and International Affairs
